VÅRT FORHOLD TIL KI, ROBOTER & MASKINER

**Ser det ut
som oss?**

**Oppfører det
seg som oss?**

**Fungerer det
som oss?**

**Ser det ut
som oss?**

 OpenAI

Sora
text-to-video model

make a super realistic high resolution video of two colleagues sitting on a bench and talking about life. can you use the faces in these two pictures that are attached.

Oppfører det seg som oss?

KI

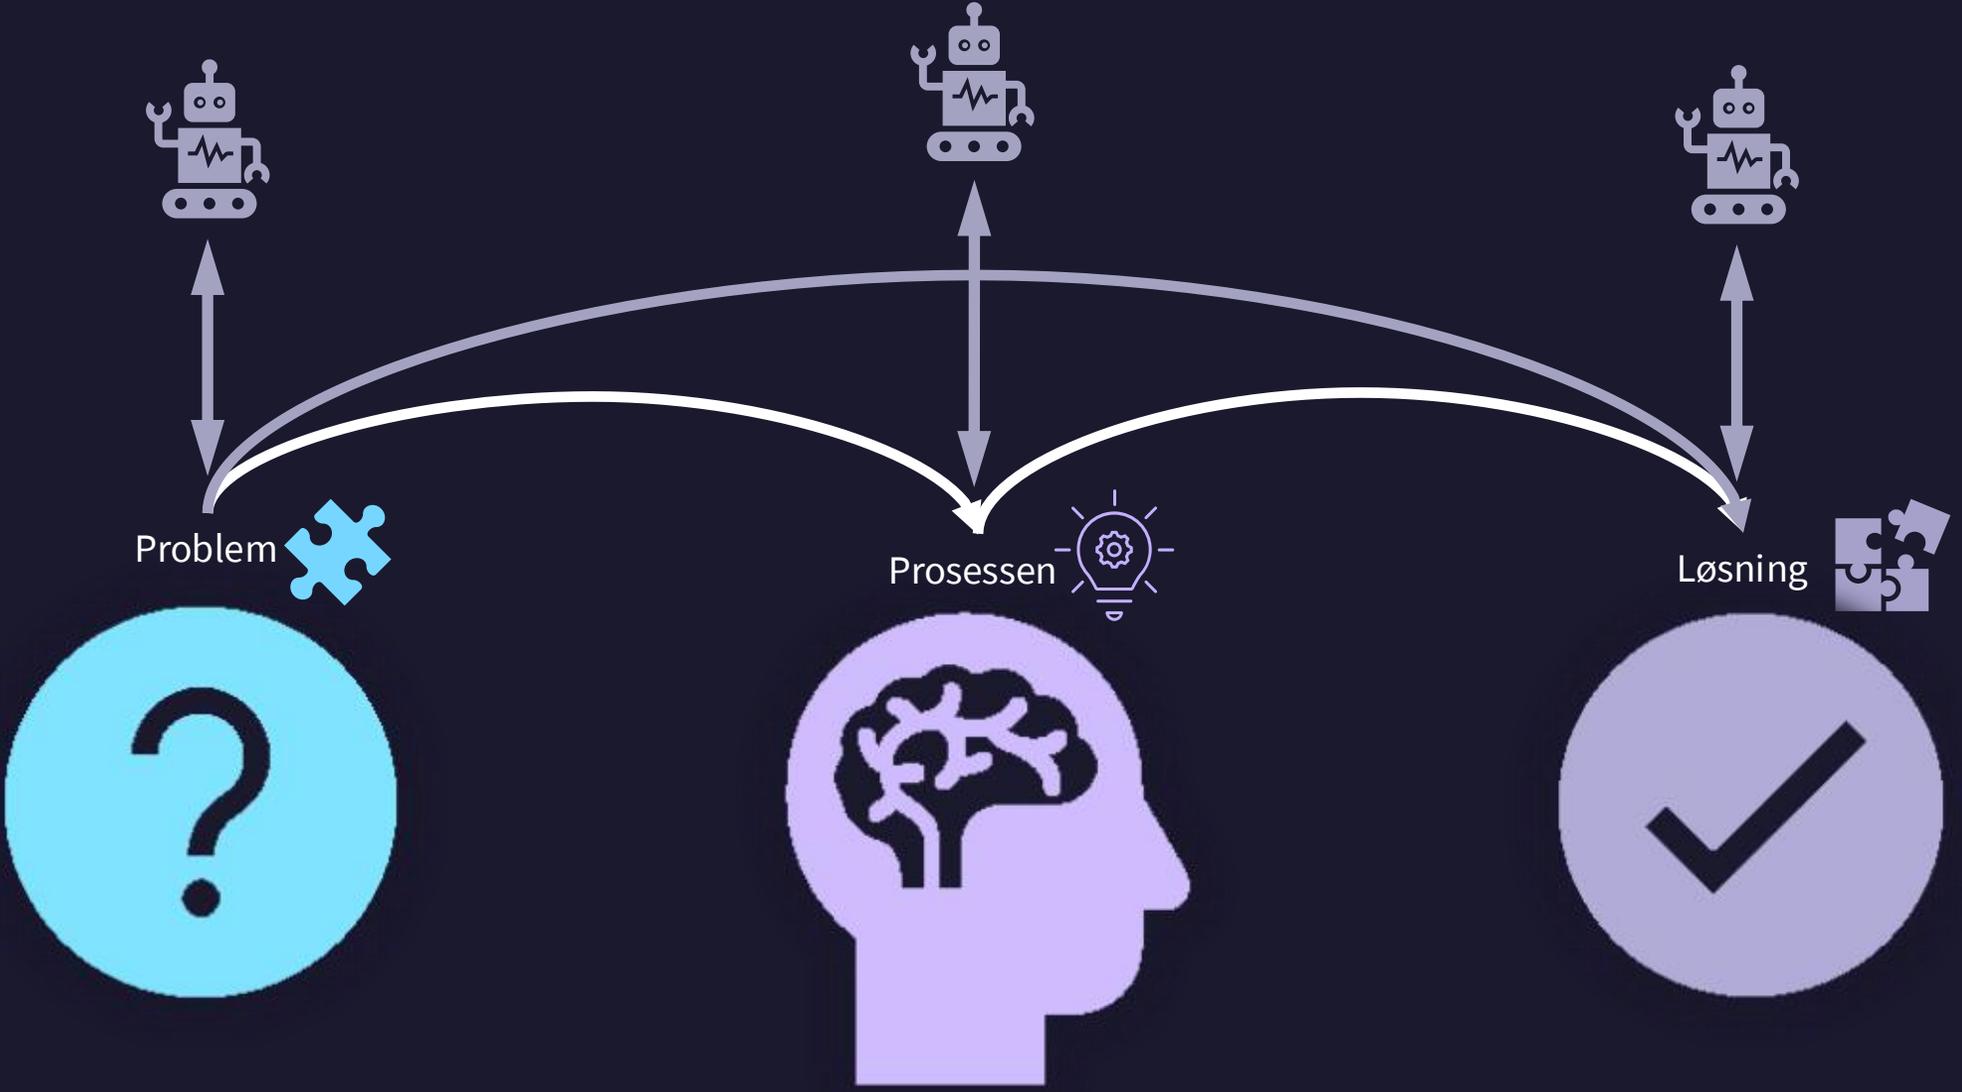

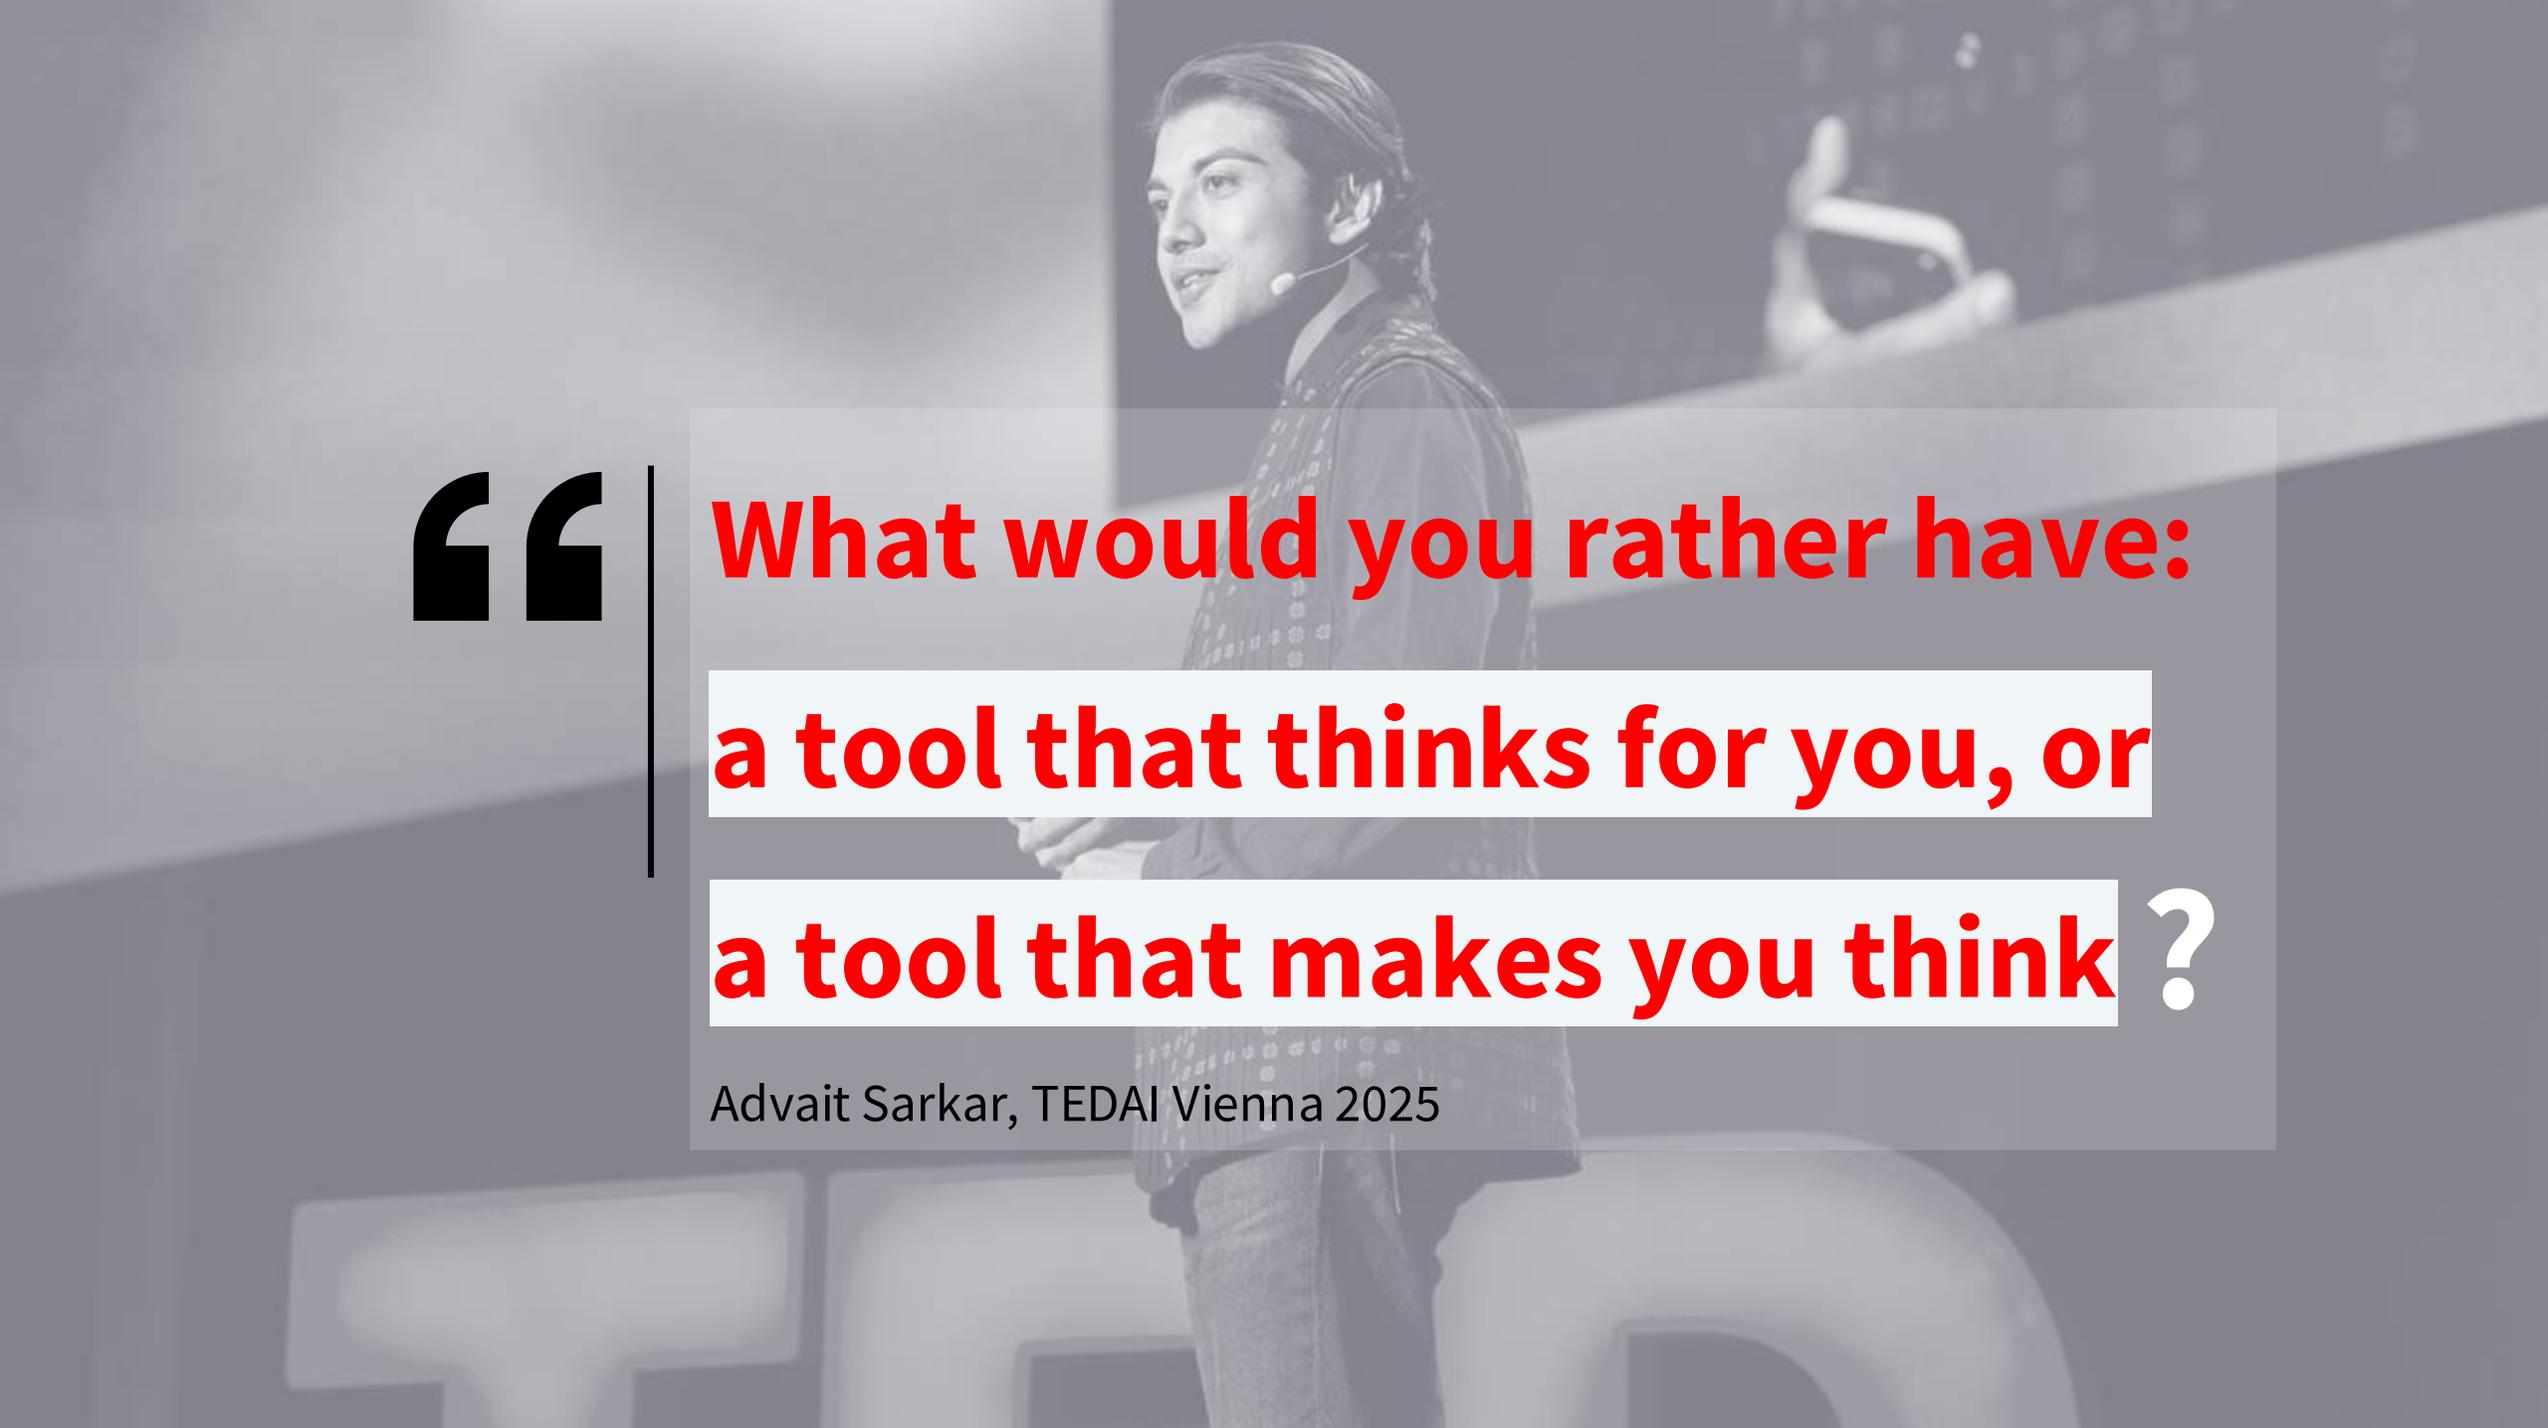

PROBLEM

LØSNING

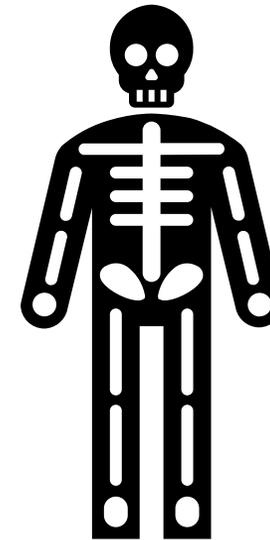

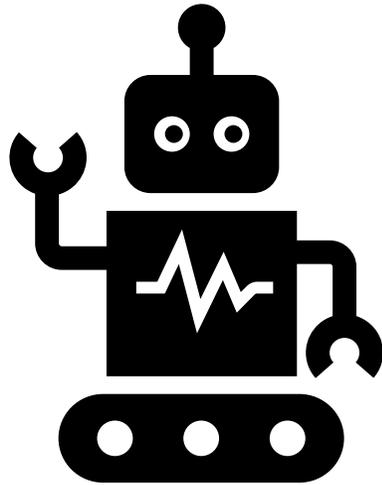

A woman with dark hair, wearing a patterned jacket and a microphone, is speaking at a podium. The background is a blurred stage setting. A large quote is overlaid on the image.

“

**What would you rather have:
a tool that thinks for you, or
a tool that makes you think ?**
